Premier Publishing House : Infrastructure

Within a very few years. Premier Publishing House (PPH) has won to achieve a quite sound infrastructure. The entire production of notebooks from the conception of idea to the designing, printing, binding and finishing is done in-house. Today, our premises expand over an area of more than 21000 sq. feet.

We have a well-equipped built unit comprising of mainly five blocks :

(A) Administrative Block : This block comprises of the offices of the administrator Mr. Sandeep Kumar Gupta along with the sub-offices of GM Production, GM Sales and Account Department.

(B) Pre-Production Block : Our talented and eccentric graphic designers toil hard to think and produce appealing layouts and informative as well as attractive front and back covers for our entire range of products.

(C) Printing Block : We possess the latest and most sophisticated online line-O-matic machines, offline machine to produce our entire range. Paper and printing quality is meticulously monitored here to ensure the availability of premium products to our ultimate consumers.

(D) Binding House : All types of latest binding techniques center-pin binding, thread stitching, automatic three side cutter, perfect binding and spiral binding is done here with fine machineries.

(E) Supply & Distribution : We have a large network for the supply and distribution of our products. Numerous distributors across the country and a large team of sales representatives manage the demand and supply needs of our consumers.

Our ultimate mission is to :

- ❖ provide high quality products to one and all on very affordable and reasonable pricing.
- ❖ be an example for others in terms of quality within well pricing.
